

# Call for Participants: "Kotohiragu Shrine Day Trip"

## Hayashima International Exchange Association

The Hayashima International Exchange Association is planning a day trip to Kotohiragu Shrine with international students.

Why not join us for a trip to Kotohiragu, a famous and historic shrine in Kagawa Prefecture?

### About Kotohiragu Shrine (Konpira-san)

Located in Kotohira Town, Kagawa Prefecture, this historic shrine has been beloved by people from all over Japan since ancient times. The main highlight is the very long flight of stone steps leading from the approach to the shrine. There are 785 steps up to the main shrine (Gohongu).

A spectacular, breathtaking view awaits you at the top after we cheer and encourage each other to the summit. Along the approach, there are many famous Sanuki Udon noodle shops and cute souvenir stores.
